Mastercard Prepaid Interchange Qualification Criteria

Interchange Category	Description
Charities	Applies to transactions with eligible Australian charitable organisations recognised by the Australian Taxation Office.
Strategic Merchants 1, 2, 3 and 4	Currently available to card present ² and card not present ³ transactions of merchants and/or merchant groups (as advised by Mastercard from time to time), that meet certain qualifying criteria deemed to be strategic to Mastercard.
Click to Pay Promotion ¹	Applies to eligible card not present ³ transactions of merchants enrolled in Mastercard's Click to Pay Promotion program.
Small Business Program: Card Present ¹	Applies to Card-Present ² transactions of merchants enrolled in Mastercard's Small Business Program. The program is designed for eligible small businesses with annual turnover of up to AUD 10 million.
Small Business Program: Card Not Present ¹	Applies to Card-Not-Present ³ Transactions of merchants enrolled in Mastercard's Small Business Program. The program is designed for eligible small businesses with annual turnover of up to AUD 10 million.
Card Present	Applies to Card-Present ² Transactions that do not qualify for another Card-Present interchange category.
Base	Applies to transactions that do not qualify for another interchange category.

¹ The Click to Pay Promotion and Small Business Program are optional Mastercard programs. Participation requires enrolment through a participating acquirer and satisfaction of the applicable program qualification criteria. Additional eligibility requirements may apply. Transactions that do not qualify for a program-based interchange category will be assessed under the applicable interchange category based on the characteristics of the transaction.

² A Card-Present transaction is where the cardholder is present and the card, device, or tokenised card credential is used at a physical point-of-sale device.

³ A Card-not-Present transaction is where it is completed without the cardholder using the card, device, or tokenised card credential at a physical point-of-sale device, including transactions completed online..
