Mastercard Pay Local

Planning a trip?

For a smooth payments journey from arrival to departure, link your Mastercard to trusted local digital wallets used every day by locals and pay like they do at cafes, market stalls and beyond.

Please note, these steps are designed to help guide you. Your experience may differ depending on local digital wallet provider.

Simple steps to get started

Download the local digital wallet app

- Download the local digital wallet app
- Add personal details
- Scan passport
- Scan card and confirm details
- Choose preferred currency
- Confirm one-time password
- Registration complete

Please note, approval may take several working days.

Pay at checkout in one of two ways, depending on which wallet you are using

1) Pay directly from your Mastercard at the point of sale:

- Open local digital wallet app
- Scan QR code at checkout
- Input amount to pay
- Make payment
- Confirm payment
- Payment complete

2) Top up the wallet with your chosen amount from your Mastercard and scan to pay across multiple merchant locations until you're ready to top up again:

- Launch local digital wallet app and select 'top up'
- Enter top up value
- Select funding source as your Mastercard
- Verify transaction
- Top up successful
- Scan QR code at checkout
- Input amount to pay
- Make payment
- Confirm payment
- Payment complete
