Network Enablement Partner

Connecting directly with Mastercard

Mastercard recognizes that Service Providers are a vital force in driving transformative payment solutions that benefit stakeholders throughout the payments landscape.

Our **Network Enablement Partner (NEP)** program empowers Service Providers to be at the forefront of industry innovation, accelerating product development, shortening time-to-market, and optimizing overall performance and operational efficiency for their valued customers.

By forging a **direct partnership with Mastercard**, Service Providers have access to collaborative opportunities that fuel value, innovation and seamless experiences. You receive **cutting-edge tools and invaluable insights** that will not only supercharge your scalability, but also ensure your operations are marked by integrity, all while driving robust revenue growth.

The NEP program opens the door to a world of tailored solutions across three distinct categories, designed to empower Service Providers like you:

EDUCATION AND SUPPORT SOLUTIONS

We recognize that access to information, continuous education and unwavering support are paramount to your success. With that in mind, we've crafted a comprehensive suite of solutions that cater to the diverse needs of Service Providers.

OPERATIONAL EXCELLENCE SOLUTIONS

We understand that some Service Providers crave a deeper technical partnership with Mastercard. With our Operational Excellence Solutions, you gain access to elite Mastercard-owned tools, ensuring that you're equipped with the very best for technical excellence and operational efficiency.

INTEGRATED PARTNER SOLUTIONS

At the summit of our offerings lie Mastercard's Integrated Partner Solutions. Designed for Service Providers who are looking for direct and seamless connectivity with Mastercard, these solutions unlock an array of exclusive benefits.

Benefits designed for your needs

The Network Enablement Partner program includes three tiers with benefits that are cumulative at each tier.

Join us in shaping the future of payments

The four-step process to becoming a Network Enablement Partner:

1 SERVICE PROVIDER REGISTRATION
Start by making sure you have been registered as a Service Provider by all Mastercard principal licensees you support.

2 ONLINE ENROLLMENT FORM
Complete the Network Enablement Partner online enrollment form and be sure to provide all the required documentation.*

3 APPLICATION REVIEW
Your application will undergo a comprehensive review by Mastercard.

4 APPROVAL AND CONFIRMATION
Upon approval, Mastercard will promptly send a confirmation email as a newly onboarded Network Enablement Partner, alongside a copy of the executed agreement.

*Required documentation includes PCI Attestation of Compliance, 722 Billing Setup Form, and 1145b Mastercard Connect Setup Form.

Remember to provide accurate and complete information during the application process to facilitate a smooth evaluation and enrollment procedure.
