Asia Pacific Spotlight
Welcome back! We’re delighted to report encouraging developments in several areas, though it remains a challenging time in parts of our region. In addition to celebrating the arrival of our new Division President for South Asia & India, we’re heartened by the positive trends we’re seeing in travel and retail indicators, and the desire for collaboration that is being expressed through international dialogues and initiatives like the Global CBDC Challenge. With people hungry to work together in pursuit of brighter days ahead, PRIDE month, and its message of diversity, inclusion and acceptance couldn’t have come at a better time. Mastercard celebrated PRIDE with a number of LGBTQ+ inclusion and allyship activities that underscore that partnership is the only way forward.

Podcast: New Division President on Supporting Digital India & First Impressions on the Job

As concerted efforts by the Government have given 1.2 billion Indians a digital identity and brought more than 10 million businesses into the formal economy, India is fast becoming one of the most dynamic digital payments environments in the world. Join industry veteran Nikhil Sahni, our newly appointed Division President, South Asia & Country Corporate Officer, India for a deep dive into how Mastercard is pioneering some of its most advanced technologies on the subcontinent and supporting India's transformation to a digital-first, data-first nation.
